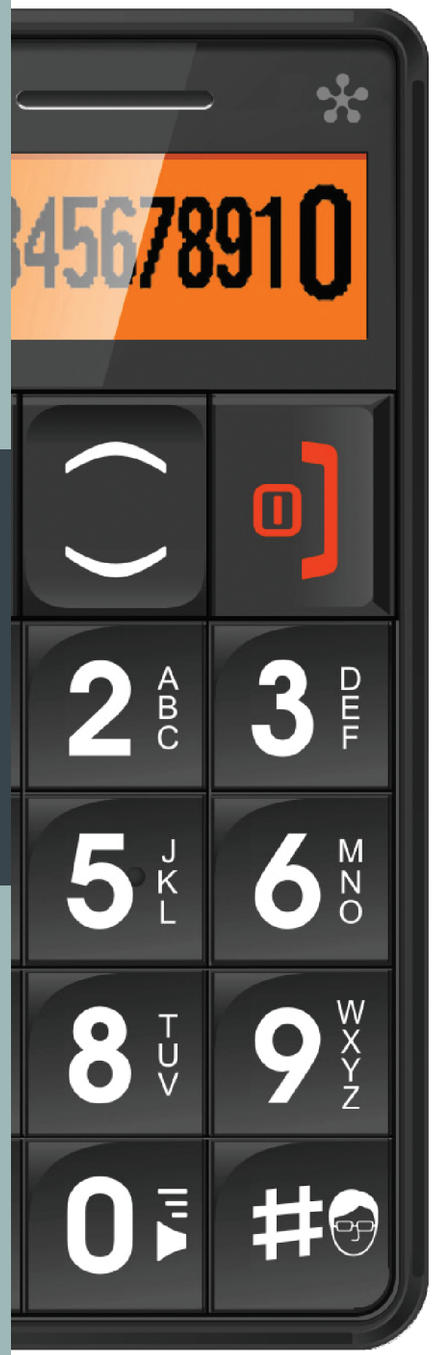
INTRODUCING



just5®

SIMPLE FEATURES PHONE

THE ANTIDOTE TO OVERLY COMPLEX CELL PHONES

In today's world smartphones are getting smart too smart for their own good: THEY'RE GETTING HARDER TO USE And all you really need is "Just a Phone". The solution to that is The Easy Phone.

just5®

SIMPLE FEATURES PHONE

Main Features Include:

1 Ease of Operations - We got rid of all unnecessary functions that overwhelm today's cellphones. So simple to use, even children can figure it out!

2 Big Buttons - Easy to see and Easy to dial.

3 Amplified Sound - With this phone you can hear the other person! (Hearing Aid Compatible)

4 Personal Emergency Response System - This button can be a life saver! It can automatically call up to 5 of your emergency contacts, and notify them that you are having an Emergency.

5 Long Lasting Battery - The phone features 100 minutes of talk time and will stay charged for up to 6 days in standby mode.

Bonus Features:
Flashlight - to navigate the dark spaces.
FM Radio - listen to it whenever you want!

One of Europe's fastest growing phones comes to the U.S.

Founded in 2007, Just5 is one of the fastest growing European cell phone companies, a global provider of mobile phones that are designed for optimal ease of use, reliability and emergency response, offering basic features that are ideal for people who love things to be simple. Features include large buttons, a high-volume speaker for amplified sound, a long-lasting battery for reliability, and a Personal Emergency Response System. Just5's unlocked GSM Quadband phones enable users to connect with any GSM service provider anywhere in the world. (Our Rate Starts at $10, NO CONTRACT) Just5 is the original creator of the phone (patent pending) and it's supported by Biggest European Carriers:

MEGAFON vodafone Beeline™ Red Pocket MOBILE
